WHY CHOOSE NEOPOST?

Neopost is a world leader in mailing and logistics solutions. Our innovative solutions bring simplicity and efficiency to your mailing process allowing your business to run better. **Neopost brilliantbasics** benefits provide excellence in all our offers, from products to support and services. They bring you the best in **operational efficiency, mail quality and security, budget optimization and online management**. Whether for advice or support, you enjoy our **commitment** to supply first-class service - on the phone, on site or online. Benefit from immediate response times and remote diagnosis at our call centres, and fast dispatch of service engineers when needed.

Commitment to the Environment The DS-65 carries Neopost's Eco Label and is compliant with environmental regulations. The automatic standby mode saves 50% on annual energy consumption and its low-weight, compact product design (25% lower than a comparable inserter) means a lower carbon footprint. Carbon footprint is also significantly reduced by the fact that the DS-65 boasts efficient packaging design which reduces transport volume and therefore the number of trucks and containers required.
